

Meet the Kindergarten Team

Teacher

My name is Renee Gidcumb. My focus for 31 years has been Kindergarten and First Grade. I assure you your child will learn to be confident and will feel cared for in my classroom. My team and I will instill a love for learning while creating good work habits and strong character traits.

Kindergarten will be a fun adventure for your child and I look forward to a wonderful year of growth and development for each of my students.

Teacher Assistant

My name is Kat Moore. I am the assistant. I have worked with Mrs. Gidcumb for 5 years. I love to bring a creative spark to the classroom through art, games and music. My goal is to make learning fun and engaging!

Bridget Young

My name is Mrs. Young, and I'm a student teacher from Appalachian State University. Kindergarten is truly my passion, and I'm so excited to be part of this special year with your children! I can't wait to learn and grow alongside them, and I feel so lucky to be joining such a wonderful classroom community!
