

Junaluska Fifth Grade Supply List

We will preview these supplies and show examples when we first meet. The students are NOT expected to have their supplies on the first day of school. In fact, we actually prefer that they wait because some of the items come in different sizes, etc. This list contains most of what each child will need for the year; however, supplies should be replenished as needed and each homeroom teacher may require various other materials.

1. #2 pencils and a set of colored pencils
2. ink pens for grading – anything BUT blue or black
3. plastic pencil pouch – **NO BOXES**
4. 3 single subject, perforated, spiral bound composition books – each one with a different colored cover
5. loose leaf paper
6. 1 book-bound, blank journal with lines (cowpatch style)
7. Thin wooden clipboard with small hand clamp
8. * Small stapler
9. * only pencil sharpeners that screw shut

We will work with calculators and protractors as the year progresses and will provide information regarding the type that will be used in preparation for the End of Grade tests. Other types are not allowed.

Agenda books will be required. They will be sold through the school at a cost-only price when school begins.

We will discuss the possible purchase and use of 3-ring binders, but please wait until we have had the opportunity to speak to the students and be very specific as to what we need. There could be other items required as the year progresses.

* Optional
